AGRAWAL, K. N.: An apparatus for the study of heat & mass transfer properties of insulating materials at low mean temperatures ... ... 4
AKIM, E. L. *see* LOKHANDE, H. T. ... ... 180
Al-Cu-Mg alloys: Effect of rate of quenching on the ageing characteristics of some ternary Al-Cu-Mg alloys 348
Aliphatic ethers: Carbonylation of some aliphatic ethers with carbon monoxide under pressure ... 329
*n*-Aliphatic monoamines: Synthesis of symmetrical disubstituted ureas from carbon dioxide & *n*-aliphatic monoamines at high pressure ... 111
Alloys: A dc arc technique for the analysis of impurities in copper & copper-zinc alloys ... 91
Effect of inoculation of SMZ alloy & ferrotitanium on hypoeutectic grey cast irons ... ... 149
Effect of rate of quenching on the ageing characteristics of some ternary Al-Cu-Mg alloys ... 348
Oxidation kinetics of dispersion-strengthened nickel-zirconia alloys ... ... ... 268
ALTEKAR, V. A. *see* ATHAVALE, A. S. ... ... 52
Alumina: Extraction of alumina from Egyptian kaolins & clays: Part IV — Alumina extraction by the hydrochloric acid method ... ... 405
Aluminium: Inhibition of corrosion of aluminium in trichloroacetic acid ... ... ... 62
6-Aminopenicillanic acid: Studies on the synthesis of 6-aminopenicillanic acid by fermentation ... 30
Ammonium nitrate: Heat capacities of glycerol-water mixtures & aqueous solutions of ammonium sulphate, ammonium nitrate & strontium nitrate ... 1
Ammonium sulphate: Heat capacities of glycerol-water mixtures & aqueous solutions of ammonium sulphate, ammonium nitrate & strontium nitrate ... 1
ANDROSOV, V. F. *see* LOKHANDE, H. T. ... 180
Aniline: Thermodynamic properties of aniline ... 197
Anthracite: Micropore structure of steam-activated anthracite ... ... ... ... 241
Surface area & adsorptive properties of steam-activated anthracite ... ... ... 106
Antismoke additives: Investigations on the smoke reducing capacity of antismoke additives for diesel fuels ... ... ... ... 278
Apertures: Nomograms for the computation of the sky components due to clear design sky for vertical unglazed rectangular apertures ... ... 194
Arc technique: A dc arc technique for the analysis of impurities in copper & copper-zinc alloys ... 91
Aromatics: Analysis of individual aromatics boiling up to 185°C in Iomex fraction ... ... 144
ASIJA, P. K.: Proposed formula for mean reference index of optical glass: Application to the choice of mean reference index line & prediction of infrared refractive indices ... ... ... 251
